# PROGRAMME

MONDAY 30TH NOVEMBER 2020

VIRTUAL AWARDS CEREMONY

## WELCOME

On behalf of Hairdressers Journal International and Schwarzkopf Professional, we are delighted to be celebrating the 2020 British Hairdressing Awards virtually for the first time in our 36-year history.

Although we cannot physically be together on Monday, 30th November, we are going to be celebrating in style – recognising and rewarding the creative talents of the individuals and teams who make this industry one of which we can all be proud. British hairdressing sets the standards for others to follow, and reinforces the UK's status as the best in the world, and 2020 in that regard, is no different.

This has been an incredibly difficult year for everyone – in every industry – and hairdressing globally has been hit hard as salons have been forced to close and individuals have been unable to work. What has been really evident however, is the huge respect - and need - that the public has for the professional hairdressing industry. News programmes on every television channel, national newspapers and magazines continued to champion the industry and the hugely important role it plays in positive mental wellbeing. As a collective, we need to embrace and continue that positivity, recognise the talents we have in this industry and continue to champion everything it offers.

Tonight, we will celebrate the finalists and nominees in every category who are showcasing the very best in British hairdressing, so please join the teams at Hairdressers Journal International and Schwarzkopf Professional in congratulating them all as we celebrate together.

# CELEBRATE

WITH THE BEST IN THE BRITISH  
HAIRDRESSING INDUSTRY
