All sites should be clear of stock and exhibits by 19:00hrs on Monday.		

If you anticipate any issues with timings or your access, please contact the Operations team.

Please do not attempt to begin setting up your stand before your allocated time, this can disrupt others working in the hall and cause delays. Similarly, **do not begin breaking down before the show closes** as it poses safety risks to others.

All stock and exhibits should be removed by 19:00hrs on Monday night; all sites must be cleared completely by 21:00hrs. Under no circumstances can anything be left in the halls overnight for collection as no access will be permitted on Tuesday.

If you foresee problems with this on-site, you should contact the Organisers' Office immediately.

Any items not removed by 21:00hrs on Monday will be deemed as rubbish and disposed of.

Any costs for this disposal will be passed on to the exhibitor.
